

MAINTENANCE

INSPECTION ■ MAINTENANCE ■ REPAIRS ■ OPTIMIZATION ■ WARRANTY EXTENSION

Proactive Maintenance Management with Harro Höfliger - Our manufacturer expertise as a custom machine builder enables you to plan the maintenance of your machines.

YOUR ADVANTAGES

CUSTOMIZED

Maintenance plan specifically for your system

TRANSPARENT

Spare parts recommendation according to the current status of your system

PRELIMINARY DETECTION

Detection of wear and defective parts

EVERYTHING FROM A SINGLE SOURCE

Single point of contact for maintenance issues

EXPERIENCE

Expertise as a custom machine builder with four decades of market presence

OUR SERVICES

- Preparation of an inspection document specified to your equipment
- Management of your machines in our HH maintenance system with recommended maintenance intervals
- Management of your upcoming maintenance operations

“Our plant-related inspection protocol serves as the basis for our maintenance management. It allows to track and plan all the operations of our technicians at any time.”

Andreas Eckert, Account Manager Maintenance
